

ABOUT ISF:

The Institution of Electronics and Telecommunication Engineers (IETE) founded in 1953 is one of the leading Professional Society in India. IETE have been devoting and contributing for the advancement of Science and Technology in the fields of Electronics, Communication, Computer Science, Information Technology and other related subjects. The major focus of IETE is to provide engineering education to younger generation at affordable cost who can not afford it through regular & private engineering institutions. This wing is the ISF (IETE Students Forum). More than 550 live ISFs are functioning in India today with a student membership of more than 60,000.

Objectives of ISF :

- Improving standard of Engineering Education
- Counselling the students in the emerging new opportunities
- Encouraging and motivating the outside Class room studies /Workshops/projects/Seminars
- Increasing the student base and Corporate membership of IETE

ABOUT SITAMS

Sreenivasa Institute of Technology and Management Studies, an Institution of Technical education functioning under Sreenivasa Trust is intended for the dissemination of profound knowledge among the ambitious student community in Engineering and Technology. It has established its reputation in not only imparting high quality education but also in emphasizing discipline.

This institution offers programs viz., B.Tech., (EEE, ECE, MECH, CSE & CIVIL), M.Tech., MBA and MCA. The institution takes care to impart updated and high quality technical education throughout the year. Special care is taken in the matter of students becoming qualified as well as competent to face the challenges of the leading corporate in the present world of tough competition. Every effort is taken to transform the students into well rounded personality with strong confidence and sound character making no compromise in perfection, morality, dedication and commitment.

ABOUT THE DEPARTMENT

The Electronics & Communication Engineering (ECE) department of SITAMS is one of the first Department established in 1998, with the approval of AICTE. Our fundamental belief is that 'Growth is Life' and we have to continue to grow all times.

The department has grown steadily over the years from an intake of just 40 students in 1998 to 60 students in 1999, 90 students in 2000 and currently 180 students in the undergraduate B.Tech program to post graduate M.Tech program in VLSI System Design in 2006 & M.Tech (Communication Systems) in 2010.
